S. K. HUNT

Pastor of the Third Street M. E. Church Led the Win-My-Chum Week Service at the Church Last Evening—Large Crowd Present.

The sixth of the Win-My-Chum Week services was held in the Third Street M. E. Church last evening. Rev. S. K. Hunt was the leader of the service.

Mr. Hunt talked on the subject, "Consecrating One's Service to the Home Church." The service was conducted upon the lines of joining the church and allying one's self with one of the various departments of the church. Mr. Hunt made a very earnest plea for consecration. At the close of the meeting cards were distributed with items to be marked, which consisted of pledging to join the church and work in some of its various departments. Several cards were marked to join the church.

Miss Phoebe Huron sang a very beautiful solo at the services, "Send Me." The song was very suitable to the subject and was well rendered.

There will be no service in the church tonight in order to allow the persons who have been attending to rest for the services tomorrow. The Epworth League of the evening will begin at 6:15 and will last 45 minutes or an hour. It will be the last of the Win-My-Chum Week Services. Rev. Ezra T. Franklin, president of the Methodist college at Barbourville, Ky., will be the speaker for the evening with the subject, "Why Join the Church?" President Franklin has kindly consented to be present at the service and to lead a large crowd will undoubtedly be present to hear him. Mrs. William Toile will sing at the service.

LARGE GLASS IS PLACE

The large glass front of the First-Standard Bank was placed in position yesterday morning. A large crowd was present to watch the placing of the glass.

Rev. J. F. Ruggles returned to his home on East Second street yesterday after conducting a very successful revival at Augusta, Ky. Mr. Ruggles reports that the meeting was entirely satisfactory in every way.

ABSENT VOTERS

Hold Balance in Minnesota—Guardsmen on Border, Railroad and Traveling Men to Be Counted—Delay Cannot Be Avoided—Hughes Lead is 547; 38 Precincts Missing.

St. Paul, Minn., November 10—Thirty-eight precincts whose records show they should poll about 400 votes. The 2,100 ballots cast by the state soldiers in Texas, and the votes of railroad and traveling men under the absent voters law tonight, held the balance in Minnesota between Wilson and Hughes. Therefore the state was still classed as doubtful, with predictions varying widely as to the outcome of the guardsmen's balloting and a wide difference of opinion over the number of votes cast under the absent voters law.

Latest returns gave Wilson 177,669 to Hughes 178,311, a Hughes plurality of 642 in 3010 precincts. Of the missing thirty-eight, ten are in Koochiching County and twelve in Beltrami. It is estimated tonight that it will take three or four days to hear from the former and nothing is expected from the latter before Monday. Both counties were strongly Wilson but the missing precincts are not considerable in population. Eight missing precincts in population. Eight missing precincts in population. Eight missing precincts in population.

Errors May Change New Hampshire Count

Concord, N. H., November 10—Discovery or errors today in official returns further clouded the outcome of New Hampshire's vote for Presidential electors.

Secretary of State Bell announced in his final statement of the day that, with five of the 294 precincts missing, the certified count was: Hughes, 43,422; Wilson, 43,098; a Hughes lead of 324. He pointed out, however, that these figures included the Hughes vote in two precincts, the clerks of which had failed to credit certificates. In each instance the clerks later admitted that an error had been made.

The five precincts not accounted for in the certified returns are shown by press figures to have cast an aggregate vote of 293 for Hughes and 263 for Wilson. Unofficially, the Secretary of State said these figures indicated a Wilson lead in the state of seventy votes. The combined total of certified and press reports was:

"Hughes, 43,715; Wilson 43,785. Preparations for the recount demanded by the Republican leaders yesterday brought ballot boxes from many places to the State Capitol today. All were placed in a special vault, to be held for the inspection which, the law states, shall not begin until fifteen days after the filing of notices.

New Mexico Vote Safe

Sante Fe, N. M., November 10—President Wilson's unofficial lead of 2,281 votes, it was estimated, would exceed the total vote in the remaining forty-seven unreported precincts.

HUGHES, WORN OUT, HAS NOT ADMITTED DEFEAT

New York, November 10—Worn out by the tension of waiting for the returns from doubtful states which would determine whether he had been elected to the presidency, Charles Hughes retired at 9 o'clock tonight, after a two-hour automobile ride with his wife this afternoon. Mr. Hughes has not yet conceded the election of President Wilson and probably will not do so until the vote of close states has been counted officially.

George W. Perkins conferred this afternoon with the Republican candidate. He stated that no definite decision had been reached by party leaders in regard to demanding a recount in California, New Mexico and North Dakota. He intimated action probably would be deferred until the official count in those states was completed, in the hope there might be an overturn of the comparatively slender Wilson pluralities.

Republican national headquarters here were deserted early tonight. Chairman Willcox announced that he would not be on hand again except for conferences.

The Democratic National Committee apparently regards the campaign as closed for the work of dismantling headquarters is well under way. Chairman Vance McCormick spent the night at a hotel in this city and probably will go to his home at Harrisburg tomorrow.

WELL KNOWN LEXINGTON BUSINESS MAN TO WED MRS. CAROLINE RUSSELL TODAY

(Lexington Herald)
Benjamin Keene Crockett, well known local merchandise broker, left yesterday afternoon for Maysville where he will be married at 3 o'clock this afternoon to Mrs. Caroline Long Russell. The ceremony will take place in the home of Mrs. M. C. Russell, mother of the bride's deceased husband. Mr. Russell died about eight years ago.

Mr. Crockett was accompanied to Maysville by Henry Hutchison, of the Kentucky Natural Gas Company. Mr. and Mrs. Crockett will make their home in Warren Court.

SPECIAL MEETING

A special meeting of the Mason County Fiscal Court will be held at the Court House on next Wednesday, November 15. Claims of election officers and a number of claims not allowed at the October term will be brought before the attention of the court.

FIXED LOW PLACES

A number of the employees of the Vastine, Noland & Lowrey Construction Co. were busy yesterday morning in raising the brick on East Second street between Lexington and Poplar street, that were not level with the remainder of the brick. These brick were all near the curbing allowing the water to stand in the sunken places.

It is said that at least \$15,000 will change hands in this city when the final results of the election are heard, this amount having been bet on either Wilson or Hughes. Nearly all of the money was even, very little odds having been given by either side.

Mrs. Edna Webster Partee is visiting her cousin, Miss Byrd Franklin Nannen, at Dover.

CELEBRATE MONDAY NIGHT

Democrats Will Parade and Exuberate Over Wilson Election.

The Democrats of Maysville and Mason county are preparing to hold an after election levee and jubilee here on next Monday night, in honor of President Wilson's election.

Grotesque costumes, slogans and battle cries of the Demmies will be shown, while red fire, flags, floats and torches are in order.

Two or three bands will furnish the entertainment and Democratic County Chairman Mike Brown will lead the procession. Go to it Demmies, we're for you.

DEAD COMES TO LIFE

The Princess Rink Will Reopen on Next Monday Night After Being Closed For Three Years.

The Princess Rink on East Second street will be opened on next Monday night for the winter season. The rink has been closed for about three years.

The Princess Skating Rink was opened about ten years ago and for several years enjoyed a very great popularity. It was then closed and has not been reopened for skating since that time. During its first few seasons hundreds of persons enjoyed the sport of skating on its floor and often very large crowds were present.

The rink will be under the management of Mr. C. Calvert. Early, one of Mason County's most popular young men. The interior of the building will be made up-to-date and preparations made for the handling of the large crowds that the owners of the building and the manager feel will frequent the place. A large crowd of skaters have been purchased for the season.

The sport of skating is reviving greatly in this country, after the ice-skating craze that spread all over the country last winter from New York City. The rink promises to have a very prosperous season.

THE AMERICAN WAY

One of the best of our inheritances from England is the good temper with which we people of America accept the verdict of elections, and, the day after, nursing as little resentment as possible, go about our affairs as though a revolution in the conduct of the State had not been worked between sunrise and sunset.

So far as we are aware, this is the only country in the world where it is customary for the defeated candidate, swallowing his disappointment with the best face he can put on it, to send a congratulatory message to the man who has just got through laying him out. Perhaps it is a trait borrowed from the ethics of the prize-ring which, it is never to be forgotten, in spite of the barbarity of its exhibitions, has always put a good deal of stress upon fair-play and taking punishment like a man.

Be that as it may, election in other countries, Latin countries especially, very frequently are disputed arms in hand and it is quite to be expected that the faction which could not win at the polls will try to improve on the verdict through some sort of military action, the favorite one being to seize the seat of government and summarily execute a few notables of the wrong political color. This custom has a respectable antiquity as well as the merit of great and instant effectiveness to recommend it.

The temptation to go behind the returns is sometimes very strong. It was so, for example, in Kentucky a year ago. And then there is the historic case of the contest between Samuel J. Tilden and Rutherford B. Hayes, a contest that was finally referred to a Commission which two days before the inaugural date, voted to seat Hayes and Wheeler, counting his electoral vote as one more than that cast for Tilden and Hendricks. The decision was acquiesced in peaceably by the whole country and by men of every party. But, to quote the historian of the Presidency,

the Democrats have never ceased to denounce the whole affair as a fraud and some newspapers have steadily refused to speak of Mr. Hayes as having ever been rightfully in possession of the presidential office. Their anger at the time was very great, and it was excusable, since they honestly believed that Mr. Tilden was fairly elected. It is to be hoped that the patriotism of the American people and their love of peace may never again be put to so severe a test as was that to which they were subjected in 1876 and 1877.

That is a hope we can all echo.—Louisville Herald.

Lewis Kautz, one of Brown county, good citizens, says all the good tobacco growers are not within the boundary of Bracken county and to prove his contention cites the case of M. L. Reed, who bought the Captain John Lyons farm, two miles from Higgsport, on White Oak, and this was the second crop of tobacco Mr. Reed ever grew. Until two years ago he was engaged in raising wheat, potatoes, etc., in Illinois, knowing practically nothing of the cultivation of tobacco. But notwithstanding this fact he has just sold his crop to a Georgetown leader at \$17 per hundred. The Lyons farm was not regarded as a very productive tobacco farm when purchased by Mr. Reed.

MORE GOSSIP

About Reviving the Blue Grass League Next Year—Several Towns Named For the Circuit, Among Them Being Maysville.

(Lexington Leader)

Newport, Ky., November 8.—The work of organizing a Kentucky semi-pro base ball league is progressing rapidly. From the present outlook this organization will be the biggest thing attempted in the State for years.

Charley Applegate, manager of the famous Wiedemanns, one of the strongest semi-pro clubs of this section, is the promoter of the proposed league and is confident the managers of Kentucky will be successfully organized this season into one large league.

He is of the opinion that a league composed of the towns named below would tend to increase attendance at the different parks, also waken the fans up a bit; Maysville, Ludlow, White Sox, Cynthia, Paris, Winchester, Georgetown, Bellevue, Covington, Standards, Famous Wiedemanns, and a club from Lexington.

"Just imagine, says Applegate, 'if my club, Bellevue and the Standards could be near the top and the result of one or two games would have a bearing on the finish of either one club, the fans around Newport, Covington and Bellevue, would flock to the parks and all the clubs would make a cartload of money. On the other hand, take Lexington, the fans would turn out strong, and as this is only a Sunday proposition, the club owners in the league would come out on the right side at the end of the season. I am willing at any time to work hand in hand with any of the managers of the above named clubs toward forming an organization of this kind and it would be the making of base ball in the Bluegrass State."

A meeting will be held in Covington the latter part of this month or the first part of December and final details of the organization will be drawn up.

It is the intention of the promoter of this league to have each club play two games with each other.

History is being made on such an extensive scale these days that the average man reads the headlines and lets it go at that.

FRAUDULENT VOTING MAY FIGURE IN RESULT

Washington, November 9.—Fraudulent voting discovered by the Department of Justice is expected here to go a long way toward deciding the result of the Presidential election. The department announced today that the arrests already made—more than 200—in various parts of the country were only the beginning of the nation-wide fight against illegal balloting. Many of the persons against whom cases have been made voted in Minnesota and West Virginia. The results in these States may rest upon the evidence of fraud which the department has obtained.

Agents of the Federal Department of Justice working out of Chicago were hurriedly dispatched to Minnesota and North Dakota today, where they will watch the counting of the Presidential votes.

Hinton G. Clabaugh, head of the Chicago bureau, was directed by Attorney General Gregory at Washington to take personal charge at St. Paul.

Instructions to the agents were to watch for any attempts at fraud or to exert personal influence in the final work of checking up the votes in these doubtful States.

A DEAN'S ENDORSEMENT

C. F. Curtiss, dean Iowa State College, in speaking of the Chicago Stock Show, which will be held from Dec. 2 to 9, made the following statement:

"There has been something of vital importance lacking in the live stock industry of the United States since 1913. Nothing can take the place of the International Live Stock Exposition. The end of a season without an International seems like a great drama with the principal character omitted. The International will be of unusual interest and of special service and value to the live stock interests this season. Never before in the history of American agriculture have the live stock interests occupied a position of such commanding importance and general interest as they do today. The International Live Stock Exposition is the culminating event of supreme importance in the animal husbandry affairs of North America."

FLEMINGSBURG LOSES TAX SUIT IN COURT

Frankfort, Ky., November 9.—Reversing the Fleming Circuit Court in the case of J. C. Hurt against the City of Flemingsburg, the Appellate Court today held that Hurt was not liable for taxes on his personal property in the city of Flemingsburg for the years 1912, 1913 and 1914. Hurt claimed that he had moved to Brown county, Ohio, and had taken his residence in that city. The court says the evidence shows that he was a resident of Brown County, Ohio, during those years and therefore was not liable for taxes in the city of Flemingsburg.

REPUBLICANS DOUBT CONSTITUTIONALITY OF VOTE IN KANSAS

Topeka, Kans., November 9.—Charles Session, Republican State Chairman, announced today that legal counsel had been engaged to investigate the constitutionality of the electoral vote in Kansas. He would not say whether or not the vote would be contested.

It was claimed at Republican headquarters that the voters cast their ballots for the Presidential candidates rather than for electors. The vote for electors this year was made for the group, instead of for individual electors, as in the past. Republicans say that this manner of voting was unconstitutional.

Before the ballots were prepared by the Secretary, Attorney General S. M. Brewster gave out an opinion that the electors be voted for as a group, instead of individually. The ballots were prepared in this manner and there was only one square placed at the head of the list of electors, thus making it impossible for the voter to make his individual choice, it was asserted.

In commenting upon the electoral vote in Kansas, Hubert Lardner, Democratic State Chairman, made the following announcement:

"The ticket was prepared by Secretary Botkin under an opinion by Attorney General Brewster that by voting in the square opposite each party the voter would be showing his intention to vote for the ten electors. The ballot is legal. The people voted their intention and the Secretary of States in Kansas has decided that the voters' intention must obtain in such cases."

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, "this place, 'with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel little bad, they ask me for a dose, and does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

ANNUAL REPORT

Of the City Mission for 1915-16 Shows That a Great Work Has Been Carried on By This Institution.

The annual report of the City Mission for 1915-16 has just been issued and shows that a large amount of work has been done by this institution during the past year. The amount of work has been done is far in excess of any previous year and after reading it one cannot help but feel an admiration for the ones in charge of this good work.

The total number of applicants for relief work and advice during the year was 1068. The extent of the work covered 298 families, representing 1102 individuals. In 189 of these families material relief was given. In behalf of this number families 1889 visits were made. The main causes of distress, sickness and physical defects were 108; intemperance caused 68; insufficient income caused 52; shiftlessness, 44; support, 8; deserted wives, 5; imprisonment, 3; immorality, 5; and old age, 4.

Material Relief Given

Garments were distributed to the number of 893. One hundred and forty-four pairs of shoes were given, 90 hats, 28 sacks of flour, provisions were given 112 times, 310 loaves of bread, coal 39 times, rent was paid 8 times, 25 blankets, 18 comforts and 2 mattresses were also distributed. A physician's care was secured for 8 families. Special diet was administered 16 times and drugs were given 12 times. An oculist was secured to examine the eyes of 8 patients, 5 pair of glasses being given. Better quarters were secured for four families and employment was found for 11 men and 21 women. Sixteen persons in the city are receiving a pension from the city.

Relief Secured From Other Sources
Material relief was given by County Judge W. H. Rice, the various churches, business firms and a number of private individuals to 36 families. The juvenile judge investigated 24 juvenile cases. Ten boys and girls were kept at the Mission from one to ten days.

Homeless Men and Women

Forty-two homeless men and 16 women and children applied for help. Medical aid being given to one man, a pair of new crutches given another 14 garments distributed, 4 pair of old shoes, lodging 10 times and transportation 14 times.

The Bible School is held on each Sunday afternoon. A total of 2428 have been in attendance during the year. Religious services are held on Tuesday night. The local ministers have kindly taken charge of the various services and 1560 have attended. The industrial school of the Mission, on Saturday afternoon from 2 to 4 o'clock, eight competent teachers being in charge. Many useful garments have been made by the girls. The average attendance of the school is 30.

Welfare Department

The welfare department is doing a great work. A men's club has been organized with 18 members enrolled. The club meets on the second and fourth Wednesdays of each month from 7 to 9 p. m.

The Girls' Club, with 22 members enrolled, meets on the first and third Wednesday of the month with hours 7 to 9 p. m. The Boys' Club with 21 members meets each Friday night from 7 to 8:30 p. m.

A night school is held on Monday and Thursday nights with competent teachers in charge. Relief for school children has come to be an important part of the work of the Mission. We ask for the co-operation of the Board of Education in helping us solve the shoe problem, the demand for shoes being great indeed. Last year 210 school children applied for shoes and clothing.

For able-bodied and mentally well equipped men have applied for relief at the Mission Home for months, only sick, old, mentally or physically handicapped have asked for relief.

The Board of Directors of the City Mission feel indeed gratified with the splendid work done during the past year and wish to express their appreciation and thanks to the many individuals and organizations that have made the work possible, to the 50 contributors of funds, the willing and efficient teachers of the Bible, Industrial and Night schools, to the ministers, physicians, the Mayor, Chief of Police, County Judge, Health League, City Council and to the various other county and city officials for active co-operation. To the press of the city, through whose columns, aid and publicity have been received also receive the thanks of the Mission.

The moral support and active help of all these contributors and workers have given the City Mission an important and necessary place in the life of the city. The Mission belongs to the City of Maysville.

This report is a summary of the work for the past year and we have endeavored from the conception of the work to have a broad vision. The spirit of the work is essentially philanthropic. The purpose has been to relieve suffering, to meet the essential needs of the unfortunate, to encourage the love of God, education and thrift and so make for our city an economic gain.

For the support of the Mission we confidently expect those who have helped in the past to continue their generous aid and we hope to gain many friends. We expect to make the work more effective during the coming year.
